|---|---|------------------------|
| <p>Z.MIC.HP.HS</p>  | <p>High Performance Noise Canceling Microphone</p> <p>This is an ultra-lightweight, head-mounted, noise canceling microphone that increases voice intelligibility and transcription accuracy, especially in noisy situations. The microphone is comfortable to wear throughout the entire day. You can easily position the soft-flex microphone boom for optimal transcription accuracy. Plus, the microphone rests comfortably on your head without covering your ears. The microphone includes a single 3.5mm male connector. It can be plugged directly into the MIC-IN port of your computer, or into a USB Sound Digitizer (such as part Z.MIC.USB.ADA) or it can be used with your Wireless FM system (part Z.MIC.HP).</p> | <p>\$49.00</p> |
| <p>Z.MIC.58S</p>  | <p>Optional Microphone for Personal One-to-One Conversations</p> <p>Use this microphone to support one-to-one conversations such as those with another co-worker, or a customer at a reception counter. This package includes the Shure SM-58S handheld microphone with an on/off switch, a black 5' Audio Cable that allows you to plug the microphone directly into the audio port of your computer, plus a carrying case for your system. For the best possible performance of your Interact system, this is the option to select. The Shure SM58-S is a very rugged handheld microphone that works well in all situations. It can take a beating, and will keep working.</p> | <p>\$149.00</p> |
| <p>Z.MIC.SLX</p>  | <p>Optional Microphone for Conference Room Settings</p> <p>Use this option for situations where multiple people will be speaking, such as in a conference room meeting or to caption a classroom discussion. The system includes a Shure SLX wireless handheld microphone with mute button that you can easily pass around the room as people take turns speaking; the SLX receiver with auto frequency selection to locate a clear channel; and a 5' cable to connect the wireless receiver to your computer. Please note that this wireless receiver is large in size (1.6" x 7.8" x 5"), weighs nearly 2 pounds, and it must be plugged into a wall outlet. This is meant as a conference room system, not a mobile solution that you will use in the field.</p> | <p>\$599.00</p> |
| <p>Z.MIC.HP</p>  | <p>High Performance Microphone for use in Seminars and Classrooms</p> <p>Use this high performance wireless configuration in situations where a single person will be speaking for an extend time period (e.g., 10 minutes or so) and where comfort and transcription accuracy are of critical importance. This is also the microphone system to use when multiple people will be sharing the same wireless system. Usage examples include teachers in a classroom, presenters in a seminar, or instructors in a training class. The system includes a noise cancelling microphone headset, a belt worn Wireless FM transmitter pack with mute button, the wireless FM receiver, the recharging station, and a customized cable to connect the wireless receiver to your computer. Please note that the wireless transmitters and receivers are very small in size (2.3" x 1.7" x 0.5"), you can carry and use them anywhere. Additional microphone headsets are available for \$49 each (Part Z.MIC.HS.HP).</p> | <p>\$349.00</p> |
| <p>Z.MIC.DESK</p>  | <p>Optional Microphone for Personal One-to-One Conversations</p> <p>Use this microphone to support one-to-one conversations such as those with another co-worker or a customer at a reception counter. This package includes the SpeechWare 3 in 1 microphone with an on/off switch and a black 3' USB Cable that allows you to connect the microphone to your computer. Additional information about this microphone can be found by going to SpeechWare's website.</p> | <p>\$349.00</p> |
| <p>Z.MIC.USB.ADA</p>  | <p>Adapter for Connecting your Microphone to your Computer's USB Port</p> <p>This item enables standard analog microphones to be connected to your computer using a USB port. It is included with all sales of Interact. If you have purchased a license of Interact, then you do not need to purchase this item. If you are ordering a microphone without making a purchase of Interact, then you should order this item,</p> | <p>\$39.00</p> |
