## Remove Communication Barriers throughout Your Facilities

"The Innovative Solution Awards provide industry recognition for companies who provide the best of the best in leading edge, creative solutions. After evaluating the hundreds of applications, our committee selected SpeechGear's Compadre product suite for the Customer Touch Points category, which is focused on technology that maximizes the customer experience."

*Joe Finizio, President & CEO, Retail Solutions Providers Association*

## Support Residents that are Deaf or Hard of Hearing...

It's a well established fact, as people age their hearing degrades. How are you ensuring that your hard of hearing or deaf residents are understanding what you are saying? With the *Interact-AS* Communications suite from Auditory Sciences (a wholly owned subsidiary of SpeechGear) anything you say is instantly captioned. Now residents or family members can see a captioning of anything being said, anytime, and anywhere; from personal conversations with a nurse, to events being held in an activities center, with *Interact-AS* you can be sure that what you are saying is being understood.

## ... and those who do not understand English

One out of every five households in America speaks a language other than English within their home. This equates to nearly 50 million people, with 20 million having no knowledge of English at all. It's simple, people want care providers that speaks their language. With SpeechGear's *Compadre* suite of instant translation products, you can become that preferred provider. SpeechGear's *Compadre* product suite removes language barriers, letting employees directly communicate with residents and family members, no matter which language they speak.

## Reduce Operational Costs

Instead of using expensive captioning and translation services, SpeechGear reduces operational costs by providing you with an affordable transcription and translation products that you own and can use as the situation dictates. This is not a service or a subscription plan. Use SpeechGear's products as often as needed with no additional usage fees being incurred.

## Configure Your System Today

With SpeechGear, now you can support residents that are hard of hearing, deaf, and/or individuals where English is their second language. By adding that differentiating personal touch to your patient's care, you can become the preferred care provider in your community. From the Reception Desk to Resident's Rooms to the Activities Center to the Chapel, you can now remove the communication and language barriers between your staff and residents. To configure and order your system send an email to [info@speechgear.com](mailto:info@speechgear.com), or give us a call at 888-664-9123, or visit our website at [www.speechgear.com](http://www.speechgear.com).
