## Award Winning “Best New Product” for Law Enforcement

“SpeechGear’s Compadre instant translation suite is one of the most innovative, factual, and cost effective items out there. The ability to speak multiple languages at the touch of a button is priceless and the number of applications endless. Talking about ‘great’ this is it –nothing will get lost in translation and it generates a transcript - no need for a translator.”

*Comments from Judges Panel for Best New Software Product Award Received at the International Association of Police Chiefs Conference*

## Removing Language Barriers

As people have become more mobile, the number of individuals traveling through our borders with limited or no English skills is continuing to grow. These individuals have difficulty reading instruction signs and understanding spoken English, resulting in increased workloads and added risk for our Homeland Security employees and operations. To address these issues, SpeechGear has worked in partnership with the U.S. Government to develop a complete suite of instant translation products that are now available to Homeland Security personnel.

## Affordable Translation, Anytime, Anywhere

SpeechGear’s products do not completely replace trained interpreters. With SpeechGear, your interpreters can focus their efforts on situations where they are truly needed, resulting in more effective and efficient use of their valuable time. Instead of using expensive translation services or trying to rely on in-house interpreters for all situations; SpeechGear reduces operational costs by providing you with an affordable instant translation product that you own and can use as the situation dictates. Use SpeechGear’s products as often as needed with no additional usage fees being incurred.

## Three Steps for Deployment

-  Use *Interact* to instantly translate conversations and public broadcast messages. Simply say a phrase, and it is translated and spoken in the desired foreign language. With SpeechGear’s products, you are not limited to a fixed set of phrases - any meaningful sentence is instantly translated.
-  Use *Interpreter* for instant translation using a pocketable handheld computer.
-  Use *Document* to translate printed materials such as handouts and signs.

## Configure Your System Today

SpeechGear also has systems enabling you to communicate with individuals who are **deaf** or **hard-of-hearing**. SpeechGear’s products are affordable, effective and immediately available. Instead of using expensive translation services or trying to rely on a few bi-lingual individuals, now every member of your team can communicate in multiple languages. To configure and order your *Compadre* system, send an email to [info@speechgear.com](mailto:info@speechgear.com), or give us a call at 888-664-9123, or visit our website at [www.speechgear.com](http://www.speechgear.com). We are looking forward to configuring an instant translation system specifically for your needs.
