

Compadre®

SpeechGear's Compadre® suite of instant language translation solutions.

Reduce your operational costs and improve your multi-lingual communications

Features:

- Affordable software that you own and can use as often as needed, versus an expensive service to which you need to subscribe.
- Bi-directional instant language translation.
- Whatever you say, type or write is instantly translated and spoken in the desired foreign language.
- Use your existing computer platforms – no need to purchase new systems.

Languages:

- Spanish
- Japanese
- Portuguese
- Vietnamese
- Mandarin Chinese
- French
- Russian
- Arabic
- And many, many more...

The Best New Product for Enhancing Customer Experience

“The Innovative Solution Awards provide industry recognition for companies who provide the best of the best in leading edge, creative solutions. After evaluating the hundreds of applications, our committee selected SpeechGear’s Compadre product suite for the In-Store Customer Touch Points category, which is focused on technology that maximizes the in-store customer experience.”

Joe Finizio, President & CEO, Retail Solutions Providers Association

Improve Communications

One out of every five households in America speaks a language other than English within their home. This equates to nearly 50 million people, with 20 million having no knowledge of English at all. When communications barriers are present, efficiency in servicing customers is reduced and costs increase. With SpeechGear’s products, you can remove language barriers and other barriers presented by individuals that are Deaf or Hard-of-Hearing. SpeechGear’s products lets Post Office employees directly communicate with customers, no matter which barriers may be present.

Reduce Operational Costs

SpeechGear’s products reduce operational costs by providing you with an affordable instant translation product that you own and can use as the situation dictates. This is not a service or a subscription plan. Use SpeechGear’s products as often as needed with no additional usage fees being incurred.

Three Steps to Removing the Language Barrier

-  **At the Customer Service Desk:** Use *Interact* to instantly translate conversations. Simply say a phrase, and it is translated and spoken in the desired foreign language.
-  **For Documents:** Use *Document* to instantly translate documents and do so in over 35 different languages.
-  **For Deliveries and Package Pickup:** Postal carriers can now communicate in over 35 languages anytime and anywhere, adding efficiency to your operations and improving the customer’s experience.

Configure Your System Today

SpeechGear’s products are affordable, effective, and immediately available. With SpeechGear, now everyone in the Post Service can communicate in multiple languages resulting in reduced operational costs and improved services. SpeechGear also has a line of products enabling you to communicate with individuals who are Deaf or Hard-of-Hearing. To configure and order your *Compadre* system send an email to info@speechgear.com, or give us a call at 888-664-9123 and ask for the Sales Department, or visit our website at www.speechgear.com.
